TECHNICAL SHEET

FILTER RESPIRATORS

757-N A2P3 R D filter CLIMAX

FA1537

PACK
6

WEIGHT
150 gr

FEATURES
Combined filter designed to ensure complete protection against organic vapors with a boiling point above 65 °C and solid and liquid particles, including fine dusts, fumes, and hazardous aerosols. Reusability and resistance to clogging tests ensure prolonged and safe use, maintaining high performance even in harsh conditions. They are designed to handle polluted environments and with an oxygen content above 19.5%. The unit does not provide breathable air, but purifies the existing air when it passes through the filter.

DETAILS
• Filter designed to offer complete protection against organic vapors with boiling point above 65 °C and solid and liquid particles. The filter connection to the mask is via a bayonet system.

IMPORTANT
Suitable for FA1530 - CLIMAX 800 Half Mask, FA1540 - CLIMAX 742 Mask and FA1541 - CLIMAX 732-N Mask
