FILTER RESPIRATORS

X-PLORE BAYONET filter P3 R BAYONET

FA1615

PACK
22

WEIGHT
35g/piece

FEATURES
Dust filter designed to ensure maximum protection against highly hazardous solid and liquid particles, such as fine dusts, fumes, and toxic aerosols. The P3 classification ensures high filtration efficiency, ideal for environments with significant concentrations of harmful particulate matter. The filter is reusable, offering practicality and convenience for prolonged use.

DETAILS
• Dust filter designed to ensure maximum protection against highly hazardous solid and liquid particles, such as fine dust, fumes, and toxic aerosols. Thanks to the bayonet filter's placement on the side of the respiratory mask, the field of vision is wide and unobstructed.

IMPORTANT
Suitable for FA1637, FA1638, FA1639 - X-PLORE 3300
