Name: 8 Fs ; 9F 'D5 F5 H' '\$\$'5 6 9?'9G75 D9' DEVICE	Code: FA2015	FA20 RESPIRATORY PROTECTION - DRAEGER ESCAPE SYSTEMS
---	---------------------	---

Description

Every time a fire breaks out or an accident happens, a rapid and safe escape becomes a matter of life and death. The Parat 3100 escape device, with incorporated ABEK filter, guarantees a rapid and secure escape. It is also suitable for non-trained personnel. It protects the user's airways for at least 15 minutes, ensuring a perfect way of escaping in areas contaminated by gases and vapours. The system is enclosed in a sturdy and handy case, in shockproof material with easy opening and belt clip to carry the device.
Dimensions: 170x110x90 mm.
Weight: 360 grams.

Max. service life 12 years (2 filter changes)
After each filter change, the service life of the filter is extended until the relevant expiry date of the filter. The filter has an overall service life of 12 years. The total service life is geared to the oldest component. Please take into account the expiry date of the filter and what is indicated by the 'clocks' on all plastic and rubber components.

The product has been designed and manufactured to comply with Regulation (EU)2016/425 and subsequent amendments.
