

VISORS

**PRISM CLEAR eye shield**

**FB1223**

**DETAILS**

- Made of polycarbonate, it ensures high impact resistance and reliable protection, while maintaining lightness for comfortable use;
- Clear lens, ensures maximum transparency and visibility, ideal for low-light environments or tasks requiring precision, without altering natural colors;
- Equipped with grip points on the lens, to facilitate handling of the visor with gloves and in all working conditions.
- Weight: 45 gr.

**PERFORMANCE**

EN ISO 16321-1 1 DT 1-M

Resistance to medium-energy impacts at extreme temperatures (DT).

Superior optical performance, Class 1.

**FIELDS OF USE**

- > Construction - road works
- > Petrochemical industry
- > Works at a height

**CERTIFICATIONS AND STANDARDS**

EYE AND FACE PROTECTION

**EN ISO 16321-1**

Optical class: 1  
Impact Level: DT

**FEATURES**

Visor designed for a perfect fit with the quick-release mechanism of the MD1225 Zephyr helmet. Made of polycarbonate, the clear lens ensures maximum transparency and visibility, ideal for low-light environments or tasks requiring precision, without altering natural colors. Lightweight and practical, it installs easily thanks to its optimized structure. Featuring grip points on the lens, it allows for easy handling even when wearing gloves, ensuring comfort and safety in all working conditions. The visor offers high performance in terms of safety, mechanical resistance, and optical quality.

**MAINTENANCE**

Store in a cool and dry place, away from heat sources and protected from light. Clean regularly with neutral detergents and water. Do not use solvents.

**QUANTITY PER CARTON**

40
