TECHNICAL SHEET

CLEAR LENS GLASSES

BLADE glasses

FB1344

DETAILS

- Lightweight and practical, ideal for continuous use;
- Wraparound design, providing a wide, uninterrupted field of vision;
- Clear lens.

PERFORMANCE

- Lens marking 2C-1,2 SIR 1 FT CE.
- Frame marking SIR EN166 FT CE
- Light transmission from 74.4% to 99.9%.
- UV protection 385

FEATURES

Lightweight and practical safety glasses, made entirely of transparent polycarbonate to ensure a wide and uninterrupted field of vision. The wraparound design ensures effective protection and optimal comfort during continuous use. The clear lens offers protection against ultraviolet rays, while maintaining excellent color perception and a light transmission between 74.4% and 99.9%. Designed to resist impacts, it guarantees safety even in demanding working conditions. The device ensures resistance to particles and extreme temperatures. These glasses are the ideal solution for those seeking lightness, protection, and reliability in a single product.
