PANORAMIC MASKS

ARGILLA goggles clear lens

FB1615

DETAILS

- Direct ventilation system, reduces condensation on the lens, ensuring clear and continuous vision even during prolonged use or in humid environments;
- Practical and lightweight, ideal for continuous use;
- Clear lens.

PERFORMANCE

- Lens marking: SIR 1 BT CE.
- Frame marking: SIR EN166 BT CE.
- Light transmission from 74.4% to 99.9%
- UV protection 385

FEATURES

Protective goggles, mask-type, feature an ergonomic and comfortable structure, made with a direct ventilation system that promotes airflow through holes on the main body. They are practical and lightweight, equipped with an adjustable rear elastic strap that ensures a tight seal, further improved by the inner rim. The clear polycarbonate lens offers UV protection with a light transmission between 74.4% and 99.9%, though with possible color distortion. It is designed for continuous use and is impact-resistant.
