

<b>Name: Energy absorbing webbing lanyard</b>	<b>Code: FD1411</b>	<b>FD14 FALL ARREST DEVICES - ENERGY ABSORBERS</b>
-----------------------------------------------	---------------------	----------------------------------------------------

### Description

Energy absorber with built-in 44 mm lanyard, length 2 m. Fitted with 2 Standard carabiners at the extremities.

Weight: 770 gr.

Minimum breaking strength: 25 kN.

Material: high-tenacity polyamide.

Static strength: 15 kN supported for 3 minutes.

Lifetime of the device: 10 years from the manufacturing date.

The energy absorber consists of a 44 wide webbing, fully folded and encased in a plastic casing. In the event of a fall, the webbing inside the casing stretches automatically, thereby reducing the impact force transmitted to the user to less than 6 Kn.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
