

LANYARDS

Forked webbing lanyard with 3 carabiners

FD1532

DETAILS

- 30 mm Y-shaped strap;
- Length 1 m;
- Supplied with one FD1627 - STANDARD carabiner and two FD1619 - MAXITUBE carabiners.

FEATURES

30 mm twin-leg safety lanyard, designed to ensure reliability and freedom of movement during work at height. It is equipped with a carabiner at the anchor point and two carabiners at the ends, allowing safe progression with double connection. With a length of 1 meter, it is ideal for positioning, restraint, and progression on structures, ensuring a high level of safety and operational convenience.
