PETZL

ANNEAU 120 cm webbing sling

FD2131

DETAILS

- Webbing sling for temporary anchor points, enabling the creation of rapid, secure, and non-invasive anchors, adapting to various structures without permanent modifications;
- Length 120 cm, weight 100 grams.

FEATURES

A webbing sling designed for creating temporary anchor points in various operational contexts. Ideal for use on roofs, metal structures, overhead cranes, and other load-bearing elements, it allows for quick, safe, and versatile anchoring without permanent modifications to the structure. Lightweight, durable, and easy to install, it represents a practical and effective solution for work at height and temporary safety operations.
