

Name: VERTEX helmet black	Code: FD2148	FD21 FALL ARREST DEVICES - PETZL
----------------------------------	---------------------	---

Description

Helmet made of ABS, polyamide, polycarbonate, high-strength polyester, polyethylene.

Equipped with a fabric harness with six-point fastening for maximum comfort. The DUAL chin strap allows the worker to modify the strength of the chin strap to adapt the helmet to different environments: work at height or work on the ground.

The CENTERFIT adjustment helps keep the helmet perfectly centred on the head, thanks to two lateral adjustment wheels. The FLIP&FIT system

allows a low headband position to ensure an excellent helmet fit. The system retracts inside the helmet to facilitate storage and transport.

Shock absorption by deformation of the outer shell.

The closed outer shell protects against electrical hazards, molten metal projections and flames.

Headband: 53-63cm

Weight: 490g

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.

Category III	Colours	Available Sizes Made to order: U In stock:
Quantity/Carton 1	EC Standards EN 397 EN 12492 EN 50365	Important Information The helmet shall be worn in combination with the other tree climbing work-positioning devices. Read carefully the user sheet included. Make sure the item is in good condition, undamaged before use. Once you become aware of a damage, you should immediately replace it.
