

COATED TEXTILE GLOVES

EMOTION glove

MA1446

GAUGE

15 G

MATERIALS

Recycled polyester and Coolmax® ECOMade.

COATING

Microporous nitrile

FEATURES

Made from recycled polyester and Coolmax® ECOMade. The latter is a fiber made from 100% recycled materials, with thermoregulating properties designed to counteract heat, ensure a cool effect, and provide moisture-wicking. Excellent grip and sensitivity, good mechanical strength. The nitrile coating on the palm offers good abrasion resistance, providing a secure grip on dry, wet, or oily surfaces. Robust yet flexible, they allow precise movements and reduce hand fatigue. Excellent comfort thanks to the complete absence of seams and high breathability. Suitable for use even in the moderate presence of oils and greases.

DEXTERITY

5

AVAILABLE COLOURS

N0 - Light blue

SIZES

In stock
On production
Made to order
Tailor made

FIELDS OF USE

- > Agriculture - gardening - forestry
- > Construction - road works
- > Light industry
- > Works at a height
- > Logistics
- > Tertiary - trades
