

CUT-RESISTANT GLOVES

AIDEN glove

MA1517

MATERIALS

Dytex high tenacity knit with special fibers.

CUFF

Stretch knit fabric

COATING

Double-dipped nitrile foam anti-slip

FEATURES

Gloves made from high-tenacity Dytex knit combined with special fibers, designed to offer high protection and cut resistance. The double dip coating in non-slip nitrile foam ensures excellent grip and significant abrasion resistance, making the glove precise and versatile in various applications. The elasticated knit cuff ensures a stable and comfortable fit. Thanks to the Dytex fiber, featuring excellent cut-resistant properties, and the complete absence of seams, these gloves offer superior comfort, high breathability, and are an ideal choice for high cut-risk operations.
