Name: PRICK GUARD anti-puncture glove	Code: MA1811Z9	MA18 SPECIAL PROTECTION GLOVES
--	-----------------------	---------------------------------------

Glove designed for all situations requiring high protection against sharp and pointed objects (such as syringes and needles). The special Kevlar coated and treated inner lining provides good resistance against cuts and the best protection performance against punctures. The lining is placed in the area most in contact with sharp objects, such as the palm and fingertips. The palm is made of grain cowhide leather for greater resistance to abrasion. The elastic back makes the glove softer and more comfortable. Adjustable cuff.

Back: stretch knit

Cuff: stretch knit with Velcrofastening.

Category	Colours BLACK	Available Sizes Made to order: M-8 - XL-10 In stock:
Quantity/Carton 5	EC Standards	Important Information Recommended for all those operations that require high protection against risk of puncture and mechanical hazards. Read carefully the instructions before use. The gloves "Prick Guard" guarantee a high resistance against cuts and punctures but not complete protection. Keep the gloves in a dry place and far from heat sources.
