MA1822

GAUGE

Small to Double Extra Large

THICKNESS

0.55 mm

MATERIALS

Ambidextrous.

CUFF

Extended by 15 cm, with plastic adjustment buckle.

FEATURES

Cut-resistant glove made of interwoven stainless steel rings, provides maximum protection against cuts and punctures during the processing of meat, fish, and other foods. The protection extends to the forearm, due to the glove's length. The metallic mesh structure ensures strength, durability, and hygiene, being easily washable and sterilizable. Ambidextrous, it can be worn on either the right or left hand, for maximum convenience.
