

SPECIAL PROTECTION GLOVES

PIC OFF glove

MA1835Z9

MATERIALS

Goat skin

PALM

Goat skin

BACK

Stretch knit fabric with neoprene for knuckle protection

CUFF

Stretch knit fabric with Velcro closure

INNER

Special internal metal mesh lining

FEATURES

Glove designed for all activities requiring effective protection against sharp and pointed objects, such as syringes, needles, and other penetrating instruments. Made with a goatskin on palm, it offers an excellent combination of sensitivity and abrasion resistance, while the stretch knit back with neoprene inserts ensures flexibility, comfort, and additional knuckle protection. The stretch knit wrist with a Velcro closure ensures a stable and adjustable fit, improving grip during use. Inside, a special metallic mesh lining increases the level of penetration protection, making the glove suitable even in high-risk environments. Touchscreen functionality on thumb and index finger.
