

Name: CLIMA CLOG	Code: MB1320K1	MB13 FOOTWEAR - NEW FOBIA SERIES
-------------------------	-----------------------	---

Description

Adjustable clog with fibreglass toecap. Perforated microfibre upper, this ecological product features the same characteristics and performances as cowhide leather (breathable, lightweight and elastic).

Low density polyurethane PU LIGHT outsole, lightweight and strong. MULTI-HOLE insole made of multi-perforated EVA material, featuring anti-shock properties and variable thickness: 3 mm in the front part and 10 mm in the heel area. Polyester lining. Antistatic.

The lining is in synthetic material, polypropylene, non-woven fabric.

Main features:

- Smooth profile outsole for easy cleaning
- Ultra slim outsole to increase flexibility and reduce effort
- The self-cleaning sole allows evacuation of liquids and impurities
- Horizontal grooves for drainage of liquids
- Anti-slip ribbing

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
