FOOD INDUSTRY

WHITE FOBIA LOW shoe

MB1321

UPPER

Breathable and wear-resistant microfiber. Its ease of cleaning and maintenance make it a practical choice for everyday use.

LINING

3D-TEX polyester with a honeycomb weave, ensures high breathability.

TOECAP

Fiberglass, lightweight and non-magnetic, offers high protection against impacts and compressions, ensures good thermal insulation.

PUNCTURE-PROOF

/

FOOTBED

Anatomical Air-mix, made of multi-perforated EVA, antistatic with shock-absorbing properties. The thickness varies from 3 mm at the front to 10 mm in the heel area. It ensures comfort even during prolonged use.

SOLE

PU/PU, composed of two layers of polyurethane of different densities, offers advantages such as antistatic properties, impact absorption, and resistance to viscous substances. This type of sole improves safety by reducing the accumulation of static electricity, provides comfort while walking by reducing stress on the joints.

FEATURES

METAL FREE Occupational footwear compliant with EN ISO 20347 is designed for professional use without a protective toecap. This standard ensures that the footwear offers protection, durability, and comfort in work environments where protection against toe impact is not required.

WEIGHT
