<b>Name: FENICE ANKLE HOE</b>	<b>Code: MB1633Z9</b>	<b>MB16 FOOTWEAR - MERTAL TOP SERIES</b>
-------------------------------	-----------------------	--

**Description**

Ankle high shoe with S3 printed grain leather upper equipped with a quick release system, with glass steel toecap and puncture-proof midsole of constant thickness.

Ankle pad in Oxford polyester.

The PU/PU sole, thanks to its special tread pattern and numerous horizontal channels, guarantees a highly draining effect and is characterised by high flexibility. The lateral cleats maximise traction on uneven ground, while those in the heel area help stabilise the heel. The mid-sole area, with a groove, is designed to enhance grip on ladders (LG requirement).

Non-slip SR grade.

The insoles, made of multi-punched EVA material, have variable thickness anti-shock properties: 3 mm in the front and 10 mm in the heel area.

Antistatic.

The 3D TEX (Airmesh) polyester lining is specially designed to allow ventilation of the foot and thus reduce the sweating effect. Equipped in the heel area with a microfibre insert to increase abrasion resistance and, at the same time, to prevent the foot from slipping off.

**Main features:**

- Particularly wide and comfortable shape assures robustness;
- Sculpted design that adapts to uneven ground;
- Shock-absorbing area;
- Heel area designed to facilitate walking;
- Adapted to all types of activities in industrial sectors.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
