Code: MB1812BA MB18 FOOTWEAR - TOTAL PLANE SERIES

Description

Name: BINOMA SHOE

Ankle high shoe with composite toecap and midsole, having a constant thickness of 4 mm. Suede leather upper with water repellent treatment. REACTOR SOLE: (PU/TPU) The wide cell polyurethane sole assures a very high shape memory effect. The TPU outsole assures long life, extreme mechanical resistance, flexibility, softness and hydrocarbon resistance. It has been designed with continuous horizontal grooving that supports flexion and foot movements. SRC slip resistant. insole: Cross-foam insole made with solid material in polyurethane foam with variable thickness: 2.5 mm at the front and 9 mm in the heel area. Lined and perforated in the plantar area with outstanding anti-shock properties. Antistatic.

The 3D-TEX polyester lining has a high draining power thanks to the high absorbent capacity of its fabric and its structure.

Main features:

- The wide fit, the conformation of the flat sole with 100% adhesion to the ground and the softness that gives the polyurethane to wide cells, improve comfort, reduce fatigue and increase efficiency.
- The additional overcap protects the shoe from shocks.
- Recommended on smooth and uniform surfaces.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
