TECHNICAL SHEET

ULTRA LIGHT

FANTASY ULTRA LIGHT shoe

MB2012ZB

UPPER
Seamless polyester knit, offers a strong, durable, and comfortable fabric. It promotes air circulation, ensuring breathability and freshness inside the footwear.

CLOSING
Laces

LINING
DRY PLUS polyester with high wicking power thanks to the absorbent properties of its fabric and structure. Internal waterproof TPU membrane.

TOECAP
Fiberglass, lightweight, offers high protection against impacts and compressions, ensures good thermal insulation.

PUNCTURE-PROOF
Composite with a constant thickness of 4 mm, it guarantees uniform protection against perforations, while ensuring lightness and flexibility.

FOOTBED
Bi-component material with polyurethane foam shell and variable thickness memory PU: 4 mm in the front part and 9mm in the heel area. Anti-shock properties. Antistatic. Removable footbed.

SOLE
EVA/Rubber, ergonomic, ultralight, soft, and flexible. The ultralight EVA midsole offers comfort and flexibility, while the shock absorption system in the midfoot area helps reduce fatigue during use. The rubber outsole improves anti-slip performance, especially on wet surfaces. The flat profile provides stability and support during walking and stationary work, making the footwear ideal for clean environments, smooth surfaces, and terrains with a low level of roughness. The high-performance rubber resists oils and hydrocarbons.

FEATURES
Extremely light, breathable, and comfortable. Seamless upper for enhanced foot conformity, tear and abrasion resistant. High Durability Cap System: a system for high durability of the

TPU toecap. Suitable for clean environments, characterized by terrains with a low degree of roughness.
