

SPECIAL PROTECTIONS

ASPHALT shoe

MB2430

UPPER

Action Leather, resistant and durable.

CLOSING

Laces with extra strong eyelets.

LINING

DRY PLUS mesh polyester with extra heel area protection.

TOECAP

Aluminum, lightweight and resistant, offers high protection against impacts and compressions.

PUNCTURE-PROOF

PS type composite, non-magnetic, antistatic, and thermal insulating. It offers maximum performance in terms of puncture resistance, full sole protection, and maximum flexibility.

FOOTBED

Polyurethane foam with a heat-resistant felt base and polyester lining adds an additional layer of comfort, making the shoe ideal for exposure to high temperatures, even for long work shifts.

SOLE

PU/Rubber, contact heat resistant up to 300°C. Free of lugs and tread patterns, as it is specifically designed for incandescent surfaces and to prevent leaving marks on asphalt during processing or its laying phase.

FEATURES

Specifically designed for asphalt layers and roofing work, it combines comfort and high performance. Ideal for meeting the specific needs of those working on surfaces with very high temperatures. Heat insulation up to 150°C (HI).

WEIGHT

750 g (size 42)

AVAILABLE COLOURS

● Z9 - Black
