

Name: UB40 boot	Code: MB2522E0	MB25 FOOTWEAR - PVC BOOTS
------------------------	-----------------------	----------------------------------

Description

Boot with steel toe cap and puncture-proof midsole. Antistatic PVC upper with slip resistant outsole and self-cleaning tread pattern. Anatomical design for increased leg and foot comfort. Reinforced shell design on heel, malleolus and toe. The boot leg can be shortened according to individual use and needs. Rear spur to facilitate removal from the foot without the risk of tearing. Hollow heel to aid shock absorption.

Main features:

- Remarkable resistance to animal fats, vegetable oils, hydrocarbons and chemicals.
- Very high softness and flexibility even at low temperatures.
- Sole with deep non-slip treads.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
