

<b>Name: SIENNA LOW SHOE</b>	<b>Code: MB3113Z9</b>	<b>MB31 FOOTWEAR URANIA BSF SERIES</b>
------------------------------	-----------------------	--

### Description

Low ESD footwear with glassfibre toecap and Zero Penetration puncture-proof midsole. Featuring an upper made of Action leather S3 and reflex details. The PU/PU sole, thanks to its special tread pattern, guarantees a draining effect in the presence of liquids and is characterised by high mechanical and hydrocarbon resistance, while maintaining great flexibility and softness. SRC slip resistant. The footbed is made in bicomponent material with shell in polyurethane foam and memory PU having constant thickness. Antistatic. The polyester lining has a high draining power due to the high absorbing properties of the fabric and structure.

### Main features:

- The modern and futuristic BASF polyurethane sole represents the synthesis of elegance and safety.
- Upper made of the latest technological materials, designed to offer a high level of comfort through breathability and elasticity.
- Suitable in all situations of prolonged use, thanks to the antishock effect of the BASF material.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
