

SIR399

JOURNEY shoe

MB3230B0

UPPER

Action Nubuck leather, soft and velvety to the touch, extremely resistant to wear. The TPU toe cap offers extra protection for the leather from impacts and abrasions.

CLOSING

Laces and dirt-resistant gusseted tongue.

LINING

Custom 3D-TEX SIR polyester with honeycomb weave for high breathability. Ergonomic heel support.

TOECAP

Ultra-light nanofiber glass with a slim and ergonomic profile, non-magnetic, offers high protection against impacts and compressions, and ensures good thermal insulation.

PUNCTURE-PROOF

NWT - ultralight fabric, weighing only 32 grams, is 55% lighter than other textile anti-penetration layers. In addition to ensuring breathability, it stands out for its strength, flexibility, softness, and energy absorption capacity. Protection level PS, it offers the highest degree of performance in terms of puncture resistance, full sole protection, and maximum flexibility.

FOOTBED

Recycled polyurethane foam with a multi-perforated structure. Guarantees comfort even during prolonged use.

SOLE

EVA Super Foam/Rubber. The ergonomic Super Foam midsole offers durable comfort, particularly appreciated during prolonged use. The rubber outsole ensures excellent grip on wet surfaces, even in the presence of hydrocarbons. Resistant to contact heat up to 300°C (HRO).

FEATURES

ESD METAL FREE The SIR 399 are the lightest ever, thanks to their extraordinarily lightweight design of just 399 grams, on the top-of-the-range model. They stand out for their modern design inspired by the world of sport and for high performance in terms of comfort and extreme lightness. They are particularly recommended for warmer seasons or for use in clean, indoor

environments, especially for tasks involving stress and continuous movement. Suitable for: light industry, logistics, and the tertiary sector.

> Tertiary - trades

REMARKS

Given the current mixed stock, it is possible that this item will be delivered with the restyled version (as shown in photo) and former version.
