

OCCUPATIONAL SIR JOGGER low shoe MB3401

UPPER

Technical fabric with TPU reinforcements for a combination of lightness, breathability, and abrasion resistance.

CLOSING

Laces and tongue in air-mesh fabric, with a dirt-repellent gusset.

LINING

3D-TEX polyester with honeycomb weave for high breathability, with extra heel zone protection.

FOOTBED

Fly Foam, made of high-density polyurethane foam with variable thickness and holes in the front area. Ergonomic and antistatic, with a 3D TEX polyester fabric lining that promotes foot breathability, reducing the overheating effect and perspiration.

SOLE

The E-TPU (closed-cell foamed polyurethane) midsole offers excellent performance in terms of responsive cushioning, lightness, and flexibility across the entire foot surface. The TPU outsole ensures resistance to abrasion, oils, greases, and hydrocarbons.

FEATURES

Occupational footwear compliant with EN ISO 20347 is designed for professional use without a protective toecap. This standard ensures that the footwear offers protection, durability, and comfort in work environments where protection against toe impact is not required.

WEIGHT

370 g (size 42)

AVAILABLE COLOURS

☐ K1 - White
