

SYMBOL STRETCH SERIES

SYMBOL STRETCH trousers

MC1119

MATERIALS

Soft-touch brushed stretch twill. 97% cotton, 3% spandex. Soil-resistant. Water repellent treatment.

GRAMMAGE

240 g/m²

FEATURES

Multi-pocket work pants in stretch twill fabric with water repellent treatment, ideal for dynamic and daily use. The garment combines comfort, functionality, and technical style in a versatile and high-performance garment. Lightweight, durable, and designed to offer maximum freedom of movement, with water repellent and dirt-resistant treatment, it protects the garment from light rain and stains, keeping it clean longer. The stretch fabric, in combination with the elastic side inserts at the waist, promotes the operator's freedom of movement, allowing for dynamic postures during work activities. The 5 pockets make it extremely functional and practical, allowing essential tools and objects to always be within reach during work. The pre-shaped legs further improve the garment's ergonomics, adapting to the body's morphology and natural movements. Reinforced seams and the reinforced crotch insert ensure greater mechanical resistance and durability over time, making the garment reliable even under intensive use conditions. Reinforcement bar tacks, applied at points subject to greater stress, increase the garment's resistance and enhance its aesthetic finish. Only in color variant B8, the waist loops, the profiles of the side pockets and the tape measure pocket, and the flap of the technical pocket on the left are made of cationic fabric.

DETAILS

- 2 front pockets with Oxford Polyester 500 D trim, to ensure quick and easy access to smaller items (in color variant B8-grey the trim is made of cationic fabric, in color variant Q7 the trim is made of main fabric);

- Left multifunctional technical pocket closed by an Oxford Polyester 500 D flap and Velcro®, allowing larger items to be stored without the risk of falling out (in color variant B8-grey the flap is made of cationic fabric, in color variant Q7 the flap is made of main fabric);
- Right ruler pocket;
- Right rear patch pocket;
- Side elastic inserts at the waist, allowing maximum freedom of movement, without restrictions;
- Enlarged belt loops in Oxford Polyester 500 D (in color variant B8-grey the reinforcements are made of cationic fabric);
- Pre-shaped knees, offering a comfortable fit for the wearer;
- Reinforcement bar tacks to increase the garment's durability and improve its aesthetics;
- Reinforced crotch insert, for greater resistance in high-stress areas;
- Triple stitching in the areas most subject to stress and wear, to ensure greater strength and durability.

CLOSING

Button and zip.

REFLEX

Reflex inserts on the back.

REMARKS

Given the current mixed stock, it is possible that this item will be delivered with the restyled version (as shown in photo) and former version.
