

SYMBOL STRETCH SERIES

SYMBOL DENIM STRETCH trousers

MC1120

MATERIALS

Stretch denim 65% cotton, 33% polyester, 2% spandex.

GRAMMAGE

250 g/m²

FEATURES

Multi-pocket work trousers in stretch denim fabric, ideal for dynamic and daily use. The garment combines comfort, functionality and technical style in a versatile and high-performance garment. Lightweight, durable and designed to offer maximum freedom of movement. The presence of a high percentage of cotton, combined with technical fibres, contributes to perfectly balancing protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The stretch fabric, in combination with the elastic side inserts at the waist, promotes the operator's freedom of movement, allowing for dynamic postures during work activities. The 5 pockets make it extremely functional and practical, allowing essential tools and objects to always be within reach during work. The pre-shaped legs further improve the garment's ergonomics, adapting to the body's morphology and natural movements. The reinforced seams and the reinforced crotch insert ensure greater mechanical resistance and durability over time, making the garment reliable even under intensive use conditions. The reinforcement bar tacks, applied in points subject to greater stress, increase the garment's resistance and enhance its aesthetic finish.

DETAILS

- 2 front pockets with 500D Oxford Polyester trim, ensuring quick and easy access to smaller items;
- Multifunction technical pocket with a 500D Oxford Polyester and Velcro® flap closure, allowing larger items to be stored without the risk of them falling out;
- Ruler pocket on the right leg;
- Right rear patch pocket;
- Side elastic inserts at the waist, allowing for maximum freedom of movement without restriction;
- Oversized 500D Oxford Polyester belt loops;

- Pre-shaped knees, offering a comfortable fit for the wearer;
- Reinforcement bar tacks in a contrasting color, to increase garment durability and enhance its aesthetics;
- Reinforced crotch insert, for increased resistance in an area particularly subject to mechanical stress;
- Triple stitching in high-stress and wear areas, to ensure greater strength and durability.

CLOSING

Button and zip.

REFLEX

Reflex inserts on the back.

AVAILABLE COLOURS

- Q6 - Indigo
