FEATURES

Work bib-trousers made from durable Massaua 2/1 fabric offer high wear resistance and natural comfort thanks to their 100% cotton composition. Massaua fabric, known for its compact and durable structure, is ideal for intensive professional use, ensuring breathability and a comfortable fit even during long workdays. Its five pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work. The adjustable waist with buttons and the elastic waistband allow for freedom of movement and an ergonomic fit for the operator during work activities. Reinforced seams ensure greater mechanical resistance and long-term durability, making the garment reliable even under intensive use conditions. Reinforcement bar tacks, applied in a contrasting color at points subject to greater stress, increase the garment's resistance and enhance its aesthetic finish. The adjustable elastic shoulder straps with quick-release fasteners ensure a personalized fit, greater comfort during use, and quick application or removal, optimizing time and improving operational efficiency.
