

SYMBOL SERIES

SYMBOL trousers w/bands

MC1151

MATERIALS

100% cotton Massaua 2/1 sanforized.

GRAMMAGE

270 g/m²

FEATURES

Work trousers made of robust sanforized Massaua fabric, offer high wear resistance and natural comfort thanks to their 100% cotton composition. Massaua fabric, known for its compact and durable structure, is ideal for intensive professional use, ensuring breathability and a comfortable fit even during long workdays. The 5 pockets make them extremely functional and practical, allowing essential tools and objects to always be within reach during work. Reinforced seams ensure greater mechanical resistance and durability over time, making the garment reliable even under intensive use conditions. The reinforcement bar tacks, applied at points subject to greater stress in a contrasting color, increase the garment's resistance and enhance its aesthetic finish. The double reflective bands, applied to the bottom of the legs, increase the garment's visibility and improve the operator's detectability.

DETAILS

- 2 side pockets, for quick and easy access to smaller items;
- Ruler pocket on the right leg;
- Technical pocket closed with flap and velcro with pen holder on the left, allows storing bulkier items without the risk of them falling out;
- Back pocket closed with button;
- Rear elastic waistband, allows maximum freedom of movement without restrictions;
- Triple stitching on the outer leg, to ensure greater resistance and durability;
- Stitching and bar tacks in contrasting color, to increase the garment's durability and improve its aesthetics.

CLOSING

Button and zip.

REFLEX

Double reflective bands on the bottom of the leg.
