

SYMBOL SERIES

SYMBOL STRETCH women's coat

MC1178

MATERIALS

Twill stretch 65% polyester, 32% cotton, 3% Lycra.

GRAMMAGE

200 g/m²

FEATURES

Work coat made from stretch fabric, offering a perfect balance between durability and comfort. The stretch fabric promotes the operator's freedom of movement, allowing for dynamic postures during work activities. The presence of cotton ensures natural thermoregulation. The ergonomic cut of the shoulder yoke is designed to follow the line of the shoulders, improving the fit and reducing tension in areas of high stress. This detail makes the coat particularly comfortable even during long work shifts. The 3 pockets make it functional and practical, allowing essential tools and items to always be within reach during work. The elasticated cuffs ensure a secure and comfortable fit, preventing sleeves from getting caught in machinery. The back vent improves freedom of movement and comfort during more dynamic activities.
