TECHNICAL SHEET

FUSTIAN SERIES

FUSTIAN short jacket

MC1615L5

MATERIALS
100% sanforized fustian cotton

WEIGHT
330 g/m²

FEATURES
Work jacket made of fustian, a durable and comfortable fabric, characterized by a diagonal weave that ensures robustness and longevity. The Sanforized treatment reduces the risk of shrinkage after washing, ensuring dimensional stability. Thanks to its pure cotton composition, it offers breathability, natural comfort, and a pleasant feel, ideal for workwear that requires reliability and protection. Thanks to its excellent thermal properties, the Fustian range ensures comfort even in colder months. The 2 pockets make it functional and practical, allowing essential tools and items to always be within reach during work. The button-fastened cuffs ensure a stable fit and protection during work. The structure is reinforced with bar tacks and interlocking double seams, ensuring strength and durability even in the most demanding conditions. Essential and professional design, conceived for those seeking reliability and practicality.

DETAILS
- 2 chest pockets with flap and button closure, to ensure quick and convenient access to smaller items;
- Button cuffs, for a stable and ergonomic fit;
- Reinforcement bar tacks, at points most exposed to wear and stress;
- Double interlocking seams, for increased durability.

CLOSING
Six buttons covered by a flap.
