

FUSION SERIES

FUSION trousers FUSTIAN

MC1714

MATERIALS

Fustian 100% cotton.

GRAMMAGE

330 g/m²

FEATURES

Work trousers made of fustian cotton, the garment offers an ideal combination of robustness and comfort. The material, composed entirely of cotton, ensures a natural feel on the skin, promoting breathability and reducing perspiration during long working hours, for high thermal comfort for the worker. The weight gives the fabric a solid and resistant structure, perfect for tackling demanding environments and activities that require protection against abrasions and wear. Thanks to its compact weave, fustian ensures long-lasting durability and maintains its shape even after numerous washes. The extremely refined appearance and the contrasting color of the inserts make the Fusion series the evolution of workwear. The choice of fabric and colors gives the garments a strong personality. The 7 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work. On the right side, there is also a hammer loop and, accompanying the multi-function technical pocket, pen holders and a mobile phone pocket. The enlarged belt loops ensure compatibility with robust belts and help distribute stress around the waist, while contrasting reinforcement bar tacks and interlocking double stitching guarantee strength and durability.

DETAILS

- 2 front pockets, the right one with an additional internal pocket, to ensure quick and easy access to smaller items;
- Ruler pocket with hammer loop on the right;
- Multifunction technical pocket closed with flap and velcro, with pen holder and mobile phone holder on the left;
- Right back pocket closed with flap and velcro;
- Left back pocket closed with velcro;
- Enlarged belt loops, to distribute the strain on the waist when using tool belts;

- Reinforcement bartacks in contrasting color, in areas most exposed to wear and stress;
- Double interlocking seams, for greater resistance and durability.

CLOSING

Zip and tuck button.
