TECHNICAL SHEET

HARRISON SERIES

HARRISON trousers

MC1811V7

MATERIALS

65% polyester, 35% cotton, Broken Twill 2/2.

WEIGHT

300 g/m²

FEATURES

Robust and functional, these work trousers are made from broken twill polycotton fabric, which ensures durability and comfort. The cotton content, combined with technical fibers, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical strength. The Harrison series features a comprehensive set of accessories such as multi-function technical pockets, a mobile phone holder, a pen holder, tool attachment loops, and wear-resistant reinforcements with Oxford fabric. The 9 pockets make them extremely functional and practical, allowing you to always have essential tools and items readily at hand during work. Among these, on the right side there is a double tape measure pocket, a hammer loop on the left, and, complementing the multi-function technical pocket, a pen holder and mobile phone holder, as well as a zip-fastened pocket made of impact-resistant fabric. The D-ring below the waistband provides convenience for tools. The adjustable and elasticated waist with a tunnel system ensures comfort and adaptability. The trousers are designed for kneepads and equipped with contrasting black Oxford polyester heel protectors, which are wear-resistant. The wider belt loops ensure compatibility with heavy-duty belts and help distribute the strain around the waist, while the reinforcement bar tacks, heavy-duty interlocking double stitching, and contrasting inserts guarantee robustness, durability, and professional style.

DETAILS

- 2 front pockets, ensuring quick and convenient access to smaller items;
- Double ruler pocket on the right with mobile phone and pen holder;
- Multifunction pocket on the left with pen holder and shock-resistant storage pocket, plus a zippered pocket, for securely storing small valuable, even fragile, items;
- 2 rear pockets made of anti-wear fabric, closed with a flap and snap button, allowing larger items to be stored without the risk of falling out;
- Hammer loop on the left;
- Enlarged belt loops, to distribute stress on the waist when using tool belts;
- Adjustable and elasticated waist with tunnel system, for an ergonomic and comfortable fit;
- Kneepad opening - compatible with KGUARD MC4913 kneepad - and heel reinforcement in contrasting black Oxford polyester;
- D-ring below the waistband;
- High-resistance interlocking double stitching and reinforcement bar tacks, in areas most exposed to wear and stress, for increased durability and robustness;
- Contrasting black inserts.

CLOSING

Zip and button.
