

HARRISON SERIES

HARRISON LIGHT trousers

MC1821B6

MATERIALS

65% polyester, 35% cotton, Broken Twill 2/2.

GRAMMAGE

210 g/m²

FEATURES

Robust and functional, these work trousers are made from broken twill polycotton fabric, which ensures durability and comfort despite their light weight. The presence of a percentage of cotton, combined with technical fibers, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical strength. The Harrison series features a rich array of accessories such as multifunction technical pockets, a mobile phone holder, a pen holder, tool attachment loops, and anti-wear reinforcements with Oxford fabric. The 9 pockets make them extremely functional and practical, allowing the operator to always have essential tools and items within reach during work. Among these, on the right side there is a double ruler pocket, a hammer holder on the left, and complementing the multifunction technical pocket, a pen holder and mobile phone holder, as well as a zip-fastened pocket made of impact-resistant fabric. The D-ring below the waistband offers practicality for tools. Reinforcement bar tacks and high-resistance interlocking double seams ensure robustness, durability, and a professional style.

DETAILS

- 2 front pockets, to ensure quick and easy access to smaller items;
- Double ruler pocket on the right with mobile phone holder and pen holder;
- Multifunction pocket on the left with pen holder and utility pocket with impact-resistant fabric, plus a zippered pocket, to safely store small valuables, even fragile ones;
- 2 back pockets in wear-resistant fabric, closed with flap and snap button, allowing for storing bulkier items without the risk of them falling out;
- D-ring below the waistband;

- Heavy-duty double interlock seams and reinforcement bar tacks, in areas most exposed to wear and stress, for increased durability and robustness;

CLOSING

Zip and button.
