GRAMMAGE

250 g/m²

FEATURES

High-performance work trousers, women's model, ideal for a modern female worker. The garment is made of versatile bi-stretch fabric that ensures excellent freedom of movement and prolonged comfort even during the most dynamic activities. The strategic inserts in stretch ripstop and cationic ripstop ensure superior resistance to tears and abrasions, while maintaining lightness and flexibility. The design with contrast details enhances the garment's aesthetic and visually identifies the reinforced areas. The bidirectional elasticity of the bi-stretch fabric contributes to an ergonomic fit, reducing tension during movements and improving overall performance in high-stress work environments. The water repellent treatment applied to the outer surface helps repel moisture and stains, improving protection in variable environmental conditions and extending the fabric's lifespan. The 7 pockets make it extremely functional and practical, allowing essential tools and objects to always be within reach during work. The reinforced seams ensure greater mechanical resistance and durability over time, making the garment reliable even under intensive use conditions. The reinforcement bar tacks, applied in points subject to greater stress, increase the garment's resistance and enhance its aesthetic finish. The reflective inserts on pockets, thigh, and back of the leg further increase the garment's visibility.

DETAILS

- 2 front pockets, with an additional small zippered pocket on the right, to ensure quick and convenient access to smaller items;
- Technical pocket with a pen holder on the right, closed by a flap and velcro;

- Technical pocket with a retractable badge holder and a small zippered pocket on the left, allowing for the storage of larger items without the risk of them falling out;
- 2 back pockets closed by velcro.
- Knee reinforcement, to ensure resistance to abrasion and tearing;
- Double reinforced stitching in the areas most subject to stress and wear, to ensure greater resistance and durability.

CLOSING

Zip, rivet button, and Velcro.

REFLEX

Reflective details on front closure, pockets, thigh, and back of leg.

AVAILABLE COLOURS

● Z9 - Black

SIZES

	In stock
	On production
