

HATS

Ladies' cap

MC2311

MATERIALS

100% cotton and perforated polyester.

FEATURES

Women's cap made of lightweight and breathable cotton, ideal for ensuring prolonged comfort throughout the entire workday. The natural fabric allows for good ventilation, reducing perspiration and keeping the scalp cool, even in hot environments or under intense lights. The integrated perforated mesh ensures effective hair containment, contributing to compliance with hygiene and health regulations. Resistant to frequent washing without losing shape or color. The front brim helps absorb sweat and provides a neat and professional appearance, keeping the cap in place and preventing it from slipping.

QUANTITY PER CARTON

240

DETAILS

- Front brim, provides a more stable structure to the cap, helping to keep it in place;
