TECHNICAL SHEET

WINTER KNITWEAR

FIGHTER sweatshirt

MC2512BM

MATERIALS
Melange knit bonded with faux fur 100% polyester and Softshell inserts.

WEIGHT
550 g/m²

FEATURES
Work sweatshirt designed to offer high thermal properties, combining comfort, practicality, and technical style, ideal for those working in cold environments or engaging in outdoor activities. The high collar, lined with fleece fabric, ensures effective protection against the cold, retaining warmth in the most sensitive areas. Softshell fabric inserts, strategically placed on the shoulders, elbows, and hips, provide a windproof barrier and increased resistance in high-stress areas. Reflective inserts on the chest enhance the garment's visibility. The 3 pockets make it functional and practical, allowing essential tools and items to always be within reach during work. The adjustable drawstring waist allows for adjusting the garment's fit to the body, improving thermal insulation. The pre-shaped sleeves follow the natural anatomy of the arm, offering maximum freedom of movement and comfort during activity.

DETAILS
- Fleece-lined collar, offering thermal comfort and protection to the anterior cervical area;
- Softshell fabric inserts on shoulders, elbows, and sides, reinforcing the most exposed areas and providing an effective barrier against the elements;
- Softshell chest pocket with zip, for securely storing smaller items;
- Two side pockets with anti-snag zippers, for easier use even with gloves;
- Waist wit drawstring, for a customizable and comfortable fit;
- Pre-shaped sleeves, providing enhanced ergonomics.

CLOSING
Zip with an internal windproof and anti-snag flap.

REFLEX
Reflective inserts on sleeves.
