

HIGH VISIBILITY CLOTHING

RUSH trousers

MC2517L1

MATERIALS

Twill 80% polyester, 20% cotton.

WEIGHT

280 g/m²

FEATURES

Work trousers made of water-repellent and breathable fabric, designed to offer maximum protection to those working in hazardous environments. Cordura® reinforcements ensure high abrasion resistance in areas subject to friction. Thanks to the material's robustness, the garment offers superior durability and good resistance to oils, greases, and dirt. Certified in Class 3 for high visibility, the garment ensures the maximum level of visibility in daylight and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The presence of a percentage of cotton, combined with technical fibers, contributes to perfectly balancing protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The garment is suitable for industrial washing, ensuring high resistance to intensive washing cycles at high temperatures and ensuring efficient maintenance, long-term durability, and the preservation of technical performance and fit. The pre-shaped legs further improve the garment's ergonomics, adapting to the body's morphology and natural movements. The reinforced seams ensure greater mechanical resistance and long-term durability, making the garment reliable even under intensive use conditions. Reinforcement bar tacks, applied in points subject to greater stress, increase the garment's resistance and enhance its aesthetic finish. The 5 pockets make it extremely functional and practical, allowing essential tools and objects to always be within reach during work. The reflective bands on the legs further contribute to increasing the garment's visibility.

DETAILS

- 2 Cordura® reinforced tool pockets, removable via velcro;
- Multifunctional technical pocket on the left leg, closed with flap and velcro, with a mobile phone section closed with flap and velcro, pen holder, and retractable and removable badge holder, allowing for the storage of bulkier items;
- Ruler pocket and elastic tool loop on the right leg;
- 2 back pockets closed with flap and velcro, to ensure quick and convenient access to smaller items;
- 2 Cordura® reinforced kneepad pockets, compatible with KGUARD Kneepad - MC4913;
- Equipped with Holster pocket, also compatible with HOLSTER pockets MC4980.
- Leg length extendable by 4 cm, for a more ergonomic and personalized fit;
- High-performance triple reinforced seams, with reinforcement bartacks, to ensure greater strength and durability;
- Equipped with a carabiner on the waistband;
- Tested for harmful substances, according to Oeko-Tex® Standard 100;
- Suitable for industrial washing ISO 15797:2002.

CLOSING

Ultra-durable YKK® zip and button.

REFLEX

Three 3M® retro-reflective bands on the back of the legs for increased visibility. Reflective inserts.

AVAILABLE COLOURS

- E1 - HI-VIS YELLOW
- L1 - HI-VIS RED
- H1 - HI-VIS ORANGE
