TECHNICAL SHEET

HIGH VISIBILITY CLOTHING

# RUSH jacket

## MC2518E1

### MATERIALS
Twill 80% polyester, 20% cotton.

### WEIGHT
280 g/m²

### FEATURES
Work jacket made from water-repellent and breathable fabric, designed to offer maximum protection to those working in hazardous environments. Cordura® reinforcements ensure high abrasion resistance in areas prone to friction. Thanks to the material's robustness, the garment offers superior durability and good resistance to oils, greases, and dirt. Certified Class 3 for high visibility, the garment ensures the highest level of visibility in daylight and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The presence of a percentage of cotton, combined with technical fibers, helps perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The garment is suitable for industrial washing, ensuring high resistance to intensive high-temperature wash cycles and ensuring efficient maintenance, long-term durability, and the preservation of technical performance and fit. The fleece-lined collar ensures high thermal comfort, while the numerous pockets make the jacket extremely functional and practical, allowing essential tools and items to always be within reach during work. The cuffs, adjustable with a snap button and side elastic, ensure an ergonomic fit and better adherence to the wrist. The waist, also adjustable with a side snap button, contributes to optimizing the garment's comfort and fit. The reflective bands on the chest, sleeves, and shoulders further increase the garment's visibility.

### DETAILS
- Fleece inner collar, for high thermal comfort;
- Waist adjustable with a side snap button, allowing maximum freedom of movement, without restrictions;

- 2 three-dimensional chest pockets closed with flap and Velcro, the left one equipped with a mobile phone holder and pen holder, the right one with a removable retractable badge holder and a hidden zippered pocket; both ensure quick and convenient access to smaller items as well as more voluminous ones, stored without the risk of falling out;
- 2 lower pockets closed with snap buttons and a spacious inner pocket closed with Velcro.
- Cuffs adjustable with snap button and side elastic, for an ergonomic closure that ensures greater adherence to the wrist;
- High-performance triple seams, with reinforcement bar tacks, to ensure greater resistance and durability;
- Tested for harmful substances, according to Oeko-Tex® Standard 100;
- Suitable for industrial washing ISO 15797:2002.

### CLOSING
YKK® two-way zip covered by a flap.

### REFLEX
3M® retro-reflective bands on chest, sleeves, and shoulders. Reflective inserts.

### AVAILABLE COLOURS
- E1 - HI-VIS YELLOW
- H1 - HI-VIS ORANGE
- L1 - HI-VIS RED
