TECHNICAL SHEET

SOFTSHELL

SCORPION jacket

MC2554BM

MATERIALS
Shell: 100% polyester, Lining: faux fur.

WEIGHT
440 g/m²

FEATURES
A work jacket designed for those seeking comfort, protection, and style in both work and outdoor environments. Made with high-quality materials, it is soft, warm, and breathable; it guarantees excellent thermal properties and great freedom of movement. The triple layer with an internal synthetic fur lining ensures waterproofing and wind protection, retaining heat without compromising breathability. This system prevents excessive sweating and maintains an ideal internal microclimate, ensuring comfort even during intense activities or in variable weather conditions. The 5 pockets, including two hand warmers, make it functional and practical, allowing essential tools and items to always be within reach during work. Softshell elastic fabric reinforcements in strategic areas offer resistance and flexibility. Adjustable cuffs with Velcro provide a secure and personalized fit. Reflective inserts applied to the sleeves and back increase the garment's visibility.

DETAILS
- Chest pocket in contrasting fabric and color with zipper closure and retractable badge holder, for storing small valuables without the risk of them falling out;
- 2 handwarmer pockets lined with synthetic fur, promoting the maintenance of a constant body temperature;
- 2 internal pockets;
- Reinforcements in elastic Softshell fabric;
- Adjustable cuffs with velcro, for an ergonomic closure that ensures a snugger fit around the wrist;

CLOSING
YKK® zipper with end stop, waterproof.

REFLEX
Reflective inserts on the back and sleeves.
