GRAMMAGE

280 g/m², Contrasting fabric 260 g/m²

FEATURES

Work trousers made from versatile fabric, designed to ensure maximum safety, comfort, and functionality in daily work activities and environments where practicality is essential. The cotton content, combined with technical fibers, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The stretch fabric promotes the operator's freedom of movement, allowing for dynamic postures during work activities. Double-stitched seams ensure resistance, guaranteeing its durability even under intensive use conditions. Pre-shaped knees help optimize freedom of movement and improve the garment's overall ergonomics. Thanks to the kneepad pockets, the trousers allow the operator to tackle even the most uncomfortable positions during work activities, offering the possibility of using matching kneepads for superior protection and comfort. Heat-sealed reflective inserts increase the operator's visibility, improving safety during work activities. The 5 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work. Reflective inserts on the front pockets and back of the leg further increase the garment's visibility.

DETAILS

- Pre-shaped legs with bi-stretch inserts in the crotch area and the back of the legs, to facilitate movement and improve the overall ergonomics of the garment;
- 2 multifunctional technical pockets, allowing for storing bulkier items without the risk of them falling out;
- Mobile phone pocket, closed with a zip, for secure storage;
- 2 back pockets closed with a flap and velcro, to ensure quick and convenient access to smaller items;

- Waist loops compatible with Holster pockets MC4980;
- 2 reinforced bellows knee pad pockets with bottom entry (compatible with KGUARD Knee Pad MC4913);
- Elasticated waist, allowing for maximum freedom of movement without restrictions;
- Removable badge holder;
- Leg length extendable by 4 cm;
- Triple stitching in the areas most subject to stress and wear, to ensure greater resistance and durability.

AVAILABLE COLOURS

- C4 - Grey
