

HARDWEAR SERIES CLOTHING

INDUSTRIAL trousers

MC2571

MATERIALS

Ripstop 65% polyester and 35% cotton.
Water repellent treatment.

GRAMMAGE

310 g/m²

FEATURES

Work trousers designed to offer an ideal balance between comfort, durability, and functionality. The Ripstop fabric ensures softness, breathability, robustness, and quick drying, in addition to benefiting from a water repellent treatment that helps repel water and dirt in outdoor working conditions. The front closure is made with a zipper and metal button, while the garment's structure integrates 6 pockets that allow necessary tools to always be at hand and make the garment highly functional. Kneepads can be inserted from above into special Cordura® reinforced pockets, always closed with a flap and Velcro, thus ensuring protection and durability even during the most demanding activities. The ergonomic ErgoFit design, with pre-shaped legs, ensures superior freedom of movement, while the possibility of extending the leg length by 4 cm by removing the seam at the bottom allows for a longer fit when necessary. All reinforcements are made of 100% Cordura®, the reflective details improve visibility in outdoor environments, and YKK® zippers ensure high resistance to intensive use. The triple felled seams with bar tacks further increase the overall robustness of the garment.

DETAILS

- Two front pockets, one with an integrated zippered pocket;
- Two multifunctional technical pockets: one 3D pocket on the left leg, closed with a flap and Velcro®, featuring a mobile phone pocket with flap and Velcro®, a pen holder, and a retractable, removable badge holder; the other on the right leg with a ruler pocket, pen holder, and fabric loops;
- Two back pockets closed with flap and Velcro®;
- Cordura® reinforced kneepad pockets, top-loading, closed with flap and Velcro®;
- ErgoFit: pre-shaped legs for incredible freedom of movement;

- Leg length extendable by 4 cm, by simply removing the bottom seam, for an extra-long fit;
- 100% Cordura® reinforcements for exceptional durability;
- Ultra-durable YKK® zippers;
- High-performance triple-stitched seams with reinforcement bartacks for enhanced durability;
- Tested for harmful substances, according to Oeko-Tex® Standard 100;
- Suitable for industrial washing ISO 15797:2002.

CLOSING

Closure with zip and metal button.

REFLEX

Reflective inserts

AVAILABLE COLOURS

- B6 - Grey
