

PROFESSIONAL CLOTHING

EXPO chef jacket

MC2650

MATERIALS

100% cotton

GRAMMAGE

185 g/m²

FEATURES

Chef jacket made from 100% cotton fabric, a lightweight, breathable, and comfortable material, ideal for long hours in the kitchen. The mandarin collar design gives a neat and modern look, while the double-breasted closure with matching buttons ensures practicality and a stable fit even during dynamic movements. A chest pocket and a pen pocket positioned on the left shoulder ensure essential tools are always within reach, maintaining functionality and efficiency during service. The roll-up sleeves add a touch of practicality, offering a convenient solution for adjusting the length according to operational needs. In addition to its aesthetic and functional qualities, this jacket is designed to protect the wearer from dirt, splashes, and minor hazards, contributing to the maintenance of hygiene and safety standards required in professional catering environments. An essential, robust, and comfortable garment, designed to accompany the chef in daily activities with maximum reliability.

DETAILS

- Mandarin collar, provides a modern and neat appearance while ensuring comfort and freedom of movement in the cervical area;
- Chest pocket, allows you to keep small tools or essential notes within easy reach during work;
- Roll-up sleeve feature, makes it more practical to adjust sleeve length as needed, increasing comfort during operational activities;
- Pen pocket on the left shoulder, allows quick access to pens or thin tools without hindering movement.

CLOSING

Double-breasted closure with matching buttons.
