FUNCTIONAL GARMENTS

RENO chef jacket

MC2651Z9

MATERIALS
65% polyester, 35% cotton.

WEIGHT
195 g/m²

FEATURES
Chef jacket, made of polycotton, designed to ensure comfort and style in the kitchen. The material is engineered to maintain its shape over time, offering a consistently neat appearance. The cotton content, combined with technical fibers, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising durability and mechanical strength. It features a mandarin collar, which gives it an elegant and modern look, as well as ensuring a comfortable fit. The exposed seams add a touch of character and durability, showcasing the garment's craftsmanship. The understated and functional design ensures freedom of movement and long-lasting durability.
