TECHNICAL SHEET

HOSPITAL MODEL GARMENTS

Nurses mod. open top

MC273002

MATERIALS
CVC Fabric, 60% Cotton, 40% Polyester, 3/1 twill

WEIGHT
200 g/m²

FEATURES
Work scrubs top designed to offer practicality, functionality, and a professional appearance in every work environment. The open design makes it easy to put on and take off, making it particularly suitable for dynamic work environments and frequent clothing changes. The snap button closure, completely covered by a flap, ensures a secure and protected fastening system, contributing both to the garment's durability and to a cleaner, tidier aesthetic. The two front pockets offer ample and easily accessible space for storing tools, accessories, or small items needed throughout the day, increasing operational efficiency. The chest pocket, enhanced with a colored insert, combines functionality and style: on one hand, it allows quick access to frequently used items, and on the other, it adds a distinctive detail that enhances the jacket's design. The result is a practical, professional, and comfortable garment, designed to accompany staff in their daily activities with maximum comfort and a consistently neat appearance.

DETAILS
- Open design, facilitates dressing and undressing, making the garment practical and quick to wear during daily activities;
- 2 front pockets, allow you to keep tools and useful items within reach, increasing functionality and ease of use;
- Chest pocket with colored insert, ensures quick access to small items and adds an aesthetic detail that enhances the garment's appearance.

CLOSING
Snap closure covered by a flap.
