TECHNICAL SHEET

SUMMER KNITWEAR

PIQUET short sleeve polo shirt

MC3014S0

MATERIALS

Piqué 100% cotton, (for the AM - GREY MELANGE color variant only: 90% cotton, 10% viscose)

WEIGHT

180 g/m²

FEATURES

Work polo shirt made from 100% cotton piqué, a breathable and durable fabric, ideal for ensuring comfort and long-lasting wear. The honeycomb weave of the piqué gives the garment an elegant texture and good shape retention, even after numerous washes. The collar with two matching buttons provides an understated and professional look, perfect for work environments or informal settings. The sleeve with a ribbed knit finish ensures a stable and neat fit, maintaining elasticity without constricting. The neck seam covers improve comfort and the internal finish, protecting the skin from chafing. Double stitching on the shoulders and armholes reinforces the most stressed areas, increasing the garment's durability and ensuring extended wear.

DETAILS

- Two-button collar in matching color, for a versatile and neat look;
- Sleeve with ribbed finish, for a stable fit that maintains its shape over time;
- Taped neck seams, improving internal finishes and increasing garment durability;
- Double stitching on shoulders and armholes, for increased strength and durability.
