TECHNICAL SHEET

SUMMER KNITWEAR

SIRFLEX polo shirt

MC3018Q7

MATERIALS

Piqué honeycomb. 100% cotton. (for the BM - GREY MELANGE color variant only: 90% cotton, 10% viscose)

WEIGHT

200 g/m²

FEATURES

Work polo shirt made from 100% piqué honeycomb cotton, a honeycomb weave that ensures excellent breathability, resistance, and comfort, ideal for daily use in professional environments. The collar with three matching buttons provides an understated and neat appearance, perfect for a professional look. Taped neck seams improve the internal finish, increasing the garment's comfort and durability. The ribbed sleeve cuff offers a stable and neat fit, maintaining its shape over time without excessive tightness. Double stitching on the shoulders and armholes reinforces high-stress areas, ensuring greater wear resistance. Finally, the silicone treatment gives the fabric superior softness and color brilliance, keeping the polo shirt always fresh and pleasant to the touch even after numerous washes.

DETAILS

- Three-button closure in matching colours, for a neat and understated look;
- Taped neck seam, improving internal finishing and increasing garment durability;
- Ribbed cuffs, for a stable fit that retains its shape over time;
- Double stitching on shoulders and armholes, for increased strength and durability;
- Silicone treatment, for color brilliance and a soft feel.
