SUMMER KNITWEAR

PIQUET ladies' s/sleeve polo shirt

MC3096P8

FEATURES

Women's work polo shirt, made from 100% cotton pique, a breathable and durable fabric, ideal for ensuring comfort and long-lasting durability. The honeycomb weave of the pique gives the garment an elegant texture and good shape retention, even after numerous washes. The collar with two matching buttons provides a smart and professional look, perfect for work environments or informal settings. The sleeve with a ribbed cuff ensures a stable and neat fit, maintaining elasticity without constricting. Taped neck seams improve comfort and protect the skin from chafing, improving the internal finish. Double stitching on the shoulders and armholes reinforces the most stressed areas, increasing the garment's strength and ensuring greater longevity.
