TECHNICAL SHEET

WINTER KNITWEAR

PANAMA sweatshirt

MC3112Q7

MATERIALS
50% polyester, 50% cotton.

WEIGHT
370 g/m², cuffs and bottom 400 g/m².

FEATURES
Work sweatshirt with high thermal properties, made of polycotton, ensuring comfort, durability, and ease of maintenance, ideal for daily use in professional environments. The presence of a high percentage of cotton, combined with technical fibers, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The windproof stand-up collar offers effective protection against the elements, retaining warmth on colder days. The fabric cuffs and waist ensure a stable and durable fit, helping to maintain the garment's shape over time. The 5 pockets, including two hand-warmer pockets, make it extremely functional and practical, allowing essential tools and items to always be within reach during work. Complementing the pockets are a D-ring and a pen holder. The tricolor on the right sleeve completes the design with a distinctive detail that enhances the garment's identity.

DETAILS
- Windproof high collar, for greater protection of the anterior cervical area;
- Fabric cuffs and waist, for an ergonomic and stable fit and increased durability;
- Handwarmer pockets with contrasting reinforcement bar tacks, for increased thermal comfort;
- Pocket closed with flap and velcro on the left arm.
- Chest pocket with flap decorated with tricolor and velcro.
- D-ring and pen holder.
- Second pocket closed with zipper, for storing small valuables without the risk of them falling out;
- Tricolor on the right sleeve.

CLOSING
Zip.
