TECHNICAL SHEET

WINTER KNITWEAR

SCOUT MICROFLEECE

MC3130T0

MATERIALS
Fleece fabric, 100% polyester, high density, 144 filaments.

WEIGHT
200 g/m²

FEATURES
Work fleece made from high-density brushed fabric, designed to offer comfort and durability even in the most demanding conditions. Featuring a high collar with a zip closure, it ensures additional protection from the cold for the front cervical area and offers practical wearability. The inner collar trim and the contrasting black zip add a touch of style and attention to detail, making it ideal for both work environments and everyday use. The compact fabric ensures excellent thermal insulation, while the brushed structure offers a pleasant feel to the touch.

DETAILS
- Zippered collar, for enhanced protection of the anterior cervical area;
- Inner collar and zipper trim in contrasting black, improving the internal finishes.

AVAILABLE COLOURS
- Q5 - DARK BLUE
- T0 - DARK GREEN
